I'm sorry to hear you're not feeling well. Here are some immediate things you can try: 1. Place a warm compress or heating pad on your stomach. 2. Try to rest and relax as much as possible. 3. Over-the-counter antacids may help reduce any acid buildup. 4. If possible, try to eat bland foods like rice, bananas, or toast. 5. Drink lots of water and try to stay hydrated.
